

Free Half Hour

We are currently offering a free half hour advice and assessment service. During this half hour, our Solicitors will take details from you regarding your situation and will provide you with general legal advice in respect of your options.

Unfortunately, we are not able to provide you with advice specific to your case, as there is not enough time for us to obtain full details of your situation. However, we will be able to explain to you your options with respect to progressing your matter.

We will also assess your circumstances to explore as to whether you may be entitled to Legal Aid to pursue your matter. Following the Legal Aid changes in April 2013, it is not always straightforward as to who is eligible, however the session gives us the chance to look into your case individually.

If you are not eligible for Legal Aid, we can also discuss with you the different [Fixed Fee packages](#) that are available, should you wish to instruct us.

Please note that attending a free half hour session with us does not mean that you are automatically a client of the Firm.
